

# *Skin Care*

## **Hyaluronic Acid**

### **WHY?**

Because it builds moisture on skin's surface helping to prevent dehydration.

### **DID YOU KNOW?**

The hyaluronic molecule binds and retains moisture plumping up the skin and preventing dehydration. Wear under your moisturizer to fight dry skin.

# *Skin Care*

## **Natural Pumpkin and Multi-Fruit Complex Peel**

### **WHY?**

Exfoliates dead skin cells increasing collagen production and improving texture and tone of skin

### **DID YOU KNOW?**

Using a combination of alpha-hydroxy acids and fruit acids gives the skin a complete and even exfoliation and stimulates new cell renewal. Natural pumpkin has over 100 nutrients that nourish and feed the skin resulting in a radiant, younger looking complexion.

# *Skin Care*

## **Eye Cream**

### **WHY?**

To combat the visual signs of tired puffy eyes and to help reduce the appearance of fine lines and wrinkles.

### **DID YOU KNOW?**

This innovative eye cream helps to strengthen capillaries in the eye area, reducing puffiness. Employs microscopic light reflective particles that reflect light and minimize the appearance of fine lines.

# *Skin Care*

## **Anti-Wrinkle Cream**

### **WHY?**

A fast acting, technologically advanced formula that works to repair age-related skin damage.

### **DID YOU KNOW?**

dermAstage® Anti-Wrinkle Cream contains some of the most advanced ingredients in skin care. Coenzyme Q10 helps to reduce the appearance of fine lines and wrinkles. Oligo-peptides help to prevent future wrinkling and natural plant agents lift and tighten the skin while enhancing its natural elasticity.
